

***NEW MAZDA6***

*zoom-zoom*

*We explore cities and winding country roads.*

*Corners hugged and throttles revved.*

*Windows down, radio loud, no particular place to go.*

*Always forward, defying the wind.*

*I am the embodiment of Jinba Ittai.*

*You, the heart behind the wheel.*

*We were always meant to connect,*

*like a horse and rider,*

*car and driver as one.*

*Together, we are stronger.*

*We have a bond that words alone cannot describe.*

*We never drive alone.*

*We drive together.*

## AWAKEN THE DRIVER IN YOU

When you drive a Mazda, you never drive alone. The feeling of togetherness, which we call Jinba Ittai, runs deep in the new Mazda6. Designed with a human-centric approach, superior craftsmanship and innovative SKYACTIV Technology that improves responsiveness, heightens driving pleasure and builds an enduring relationship between car and driver. It's the Mazda Way.

## GRAB THE WHEEL

The new Mazda6 is designed with our signature KODO: Soul of Motion design. Created by Mazda master craftsmen and designers, who carve designs out of clay, to sculpt and breathe life into each line and curve. The side profile features a powerful front-to-rear flow design, whilst the front of the car features a deeply sculpted look which provides a low centre of gravity and wide stance. Its powerful looks enhanced by the headlamp design which presents the car with its fixed forward gaze.

Its impressive presence is endorsed by the craft of TAKUMI-NURI, Mazda's high-quality painting technology, which makes the KODO design come alive, reflecting light and shadows off of every line. TAKUMI-NURI balances the depth and glossiness of the paint to give the impression of a hand-painted concept car. That is what makes the signature Soul Red Crystal and Machine Grey premium colours come to life.

## A TRUE DRIVING EXPERIENCE

The new Mazda6's eye-catching appearance invites you to discover it's interior, which is perfectly built around the driver for the upmost driving pleasure. From the feel of the soft leather stitched steering wheel, the cool-to-the-touch Satin Chrome trim, to the use of Japanese Sen Wood which can be found in the Platinum+.

The interior of the new Mazda6 welcomes both driver and passengers with superior levels of craftsmanship, elegance and refined comfort. Even the visual details are conceived with a focus on design and function, from the instrument cluster dials, to the windscreen projected head-up display. The interior is designed to provide a feeling of spaciousness and serenity helping the driver and their passengers to feel relaxed.

TECHNOLOGY

## B E I N C H A R G E

Connectivity is key in the new Mazda6 and via a compatible mobile device, you can access thousands of internet radio stations from around the world, safely check and reply to text messages\*. Enjoy listening to your favourite radio stations via DAB radio or stream your choice of music via Bluetooth® connection\*. All safely controlled using the 8" colour touch-screen display and the intuitive Multimedia Commander.

\*Please refer to footnote on interior section of specifications for more information.

### MULTIMEDIA COMMANDER

Located on the centre console, the Multimedia Commander allows you to operate infotainment, connectivity and navigation with minimal effort. It includes a separate volume dial for easy adjustment, ensuring you can concentrate on enjoying the drive.

### LEATHER GEAR SHIFT

The premium feel of crafted leather in the palm of your hands creates yet another memorable connection between you and your new Mazda6.

### DRIVER-CENTRIC CABIN

With a simple and clean design that highlights the length and breadth of the cabin. All important information is clearly displayed in direct view of the driver and controls are placed to fall easily to hand.

### POWER SEAT ADJUSTMENT

With 4-way adjustment and lumbar support, the driving position can be easily configured to provide the best support of the drivers back and pelvis, ensuring every drive is smooth and comfortable. (Available on Executive SE with Leather Pack, Platinum & Platinum+, image shows Platinum+).

## SKYACTIV TECHNOLOGY

SKYACTIV Technology is all about making driving more fun, embracing all elements – engines, transmissions, chassis and body – it's an approach that completely reimagines the car from the ground up. Fitted on 2.0 165ps petrol and 2.2 diesel engines is Mazda's i-ELOOP (regenerative braking system), which uses a capacitor to store electricity recovered during deceleration. This energy is dedicated to power the car's electrical equipment, resulting in improved engine performance and fuel economy. Fitted as standard is Mazda's i-Stop, which saves fuel by switching off the engine when the car stops, for example when idling in traffic. It uses direct fuel injection techniques and optimal piston positioning to allow you to re-start your car almost instantly. Both of these features coupled with SKYACTIV Technology, enables the new Mazda6 to deliver a unique mix of driving pleasure, balanced with outstanding environmental and safety performance.

SKYACTIV BODY AND CHASSIS Improved lightweight chassis and body for greater ride comfort and security.

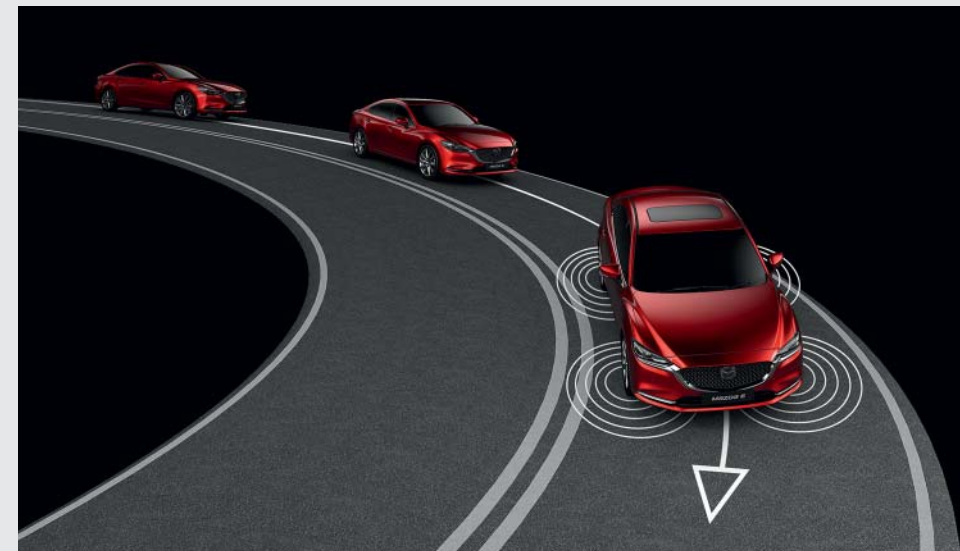

### SKYACTIV ENGINES

The new Mazda6 range features the acclaimed SKYACTIV-G petrol engines in 145ps or 165ps power outputs which offer superior responsiveness and driving pleasure, or the equally impressive SKYACTIV-D clean diesel engines available with either 150ps or 184ps power output offering greater torque and fuel economy.

### MORE POWER TO YOUR WHEELS

Supporting driving pleasure, the six-speed SKYACTIV-Drive automatic transmission responds to your instant command and provides a smooth drive, whilst the six-speed SKYACTIV-MT manual transmission offers a crisp and responsive shift reminiscent of the legendary Mazda MX-5.

### G-VECTURING CONTROL

Integrating control of the engine, transmission, chassis and body, G-Vectoring Control provides the optimum load on each tyre during cornering, meaning the car moves exactly as the driver expects, reducing the need for steering corrections.

### PRECISE AND COMFORTABLE HANDLING

The lightweight SKYACTIV-CHASSIS offers the perfect balance of agility and stability with exceptional handling and ride comfort. Coupled with steering which responds predictably to driver input, it delivers that 'fun to drive' element you have come to expect from Mazda.

## IT'S ALL ABOUT THE DRIVER

The new Mazda6 contains an array of intelligent safety technologies that are designed to help you connect with your car and enjoy the drive. This is thanks to the I-ACTIVSENSE technologies. An outstanding collection of safety features that use sensors and cameras to monitor your surroundings and provide protection and convenience.

A D V A N C E D   S A F E T Y   T E C H N O L O G Y

Engineered from the ground up to provide comprehensive all-round protection for you and your passengers, the active and passive safety systems in new Mazda6 work together to warn you of impending dangers, meaning less chance of a collision.

Fitted with front, side and curtain airbags, combined with a rigid body, each technology of the I-ACTIVSENSE system ensures you remain safe. Mazda's G-Vectoring Control integrates the engine, transmission, chassis and body, optimising load on each tyre during cornering. The car moves exactly as the driver expects, reducing the need for steering corrections and improving ride comfort.

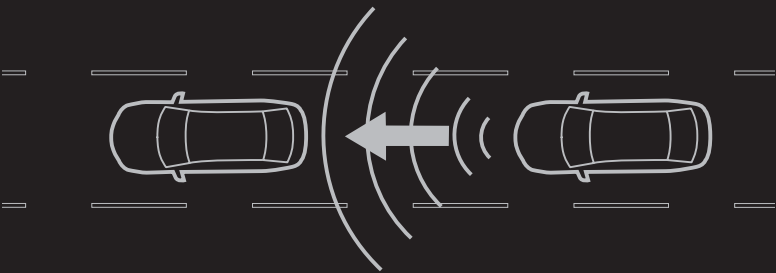

LANE KEEP ASSIST

Lane-keep Assist is designed to prevent your vehicle from inadvertently straying from its lane. A front-view camera monitors the road ahead and calculates the car's position relative to the lane markings. If the system detects the vehicle is moving out of its lane unintentionally, the steering wheel will vibrate and an audible alert will sound, then the system will also take corrective action to help you stay within the lanes through assisted steering.

ADAPTIVE LED HEADLIGHTS WITH HIGH BEAM CONTROL\*

Designed to work at night, the system automatically analyses vehicles ahead or those approaching in the opposite direction, and automatically adjusts between high and low beams by switching individual LED bulbs on and off as necessary. This makes it possible to drive with the high beam on at all times, significantly improving visibility when driving at night, without dazzling other drivers. \*(Standard on Platinum+ models)

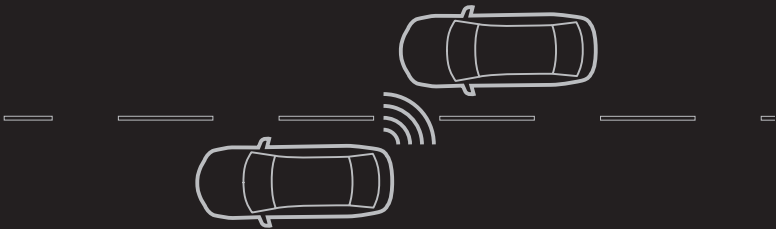

MAZDA RADAR CRUISE CONTROL

Mazda Radar Cruise Control uses a millimetre wave radar to judge the relative speed and distance to the car ahead. The system monitors the gap and closing speed of the vehicle in front, automatically accelerating or braking to maintain your pre-set distance. This helps the driver to maintain a safe distance to the car ahead making cruising on the motorway less tiring and more enjoyable.

STOP & GO

Automatic models also have the additional feature of 'Stop & Go', meaning the vehicle will automatically accelerate and brake in stop/start traffic with minimal input from the driver.

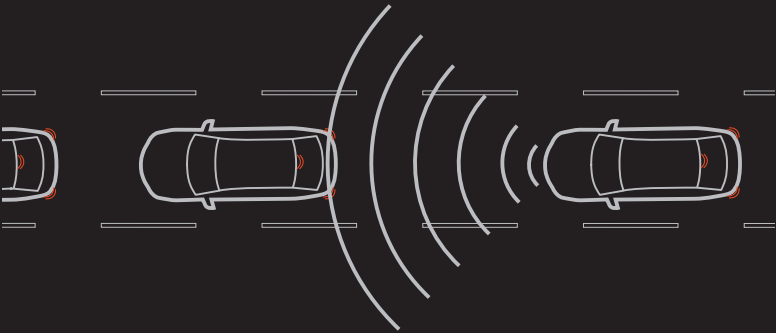

BLIND SPOT MONITORING

Warns you of a vehicle entering a detection zone situated up to 50 meters behind, by activating a door-mirror mounted warning light on the relevant side of the vehicle. If you then indicate prior to turning in that direction, the warning light flashes and an audible alert sounds. This system can prevent drivers from moving into the path of a following vehicle.

REAR CROSS TRAFFIC ALERT

Designed for when the vehicle is reversing, an alarm alerts you of any vehicles or obstacles approaching from either side of the rear of the car, and silences once the area is clear.

ADVANCED SMART CITY BRAKE SUPPORT

Take the stress out of driving with Advanced Smart City Brake Support. Designed to help avoid or minimise the effects of collisions at speeds up to approximately 80km/h. The forward-facing camera and laser-based system continually monitors the gap and closing speed of the vehicle in front, and applies the brake if a collision is likely. The Pedestrian Autonomous Emergency Braking (AEB) system monitors the surroundings and aids the driver if the system detects a potential collision involving pedestrians, making city driving less stressful and safer for both drivers and pedestrians.

C H O I C E S

EXECUTIVE SE GRADE

STANDARD FEATURES:

- 17” alloy wheels
- LED headlights with high beam control (HBC)
- LED rear lights
- Window projected active driving display
- Rear centre armrest & rear ventilation
- Leather steering wheel and gear knob
- Power folding, heated door mirrors
- Power front and rear windows
- Alarm & immobiliser
- Driver & passenger front, side and curtain airbags
- Auto door locking
- Light and rain sensors
- Mazda radar cruise control (MRCC) with smart brake support (SBS)
- Intelligent speed assist
- Advanced smart city brake support (SCBS)
- Blind spot monitoring with rear cross traffic alert (BSM with RCTA)
- Lane keep assist system (LAS)
- Traffic sign recognition (TSR)
- Electronic parking brake with auto hold function
- Dual zone automatic air conditioning
- G-Vectoring Control (GVC)
- Satellite navigation system
- Radio with CD, DAB, AUX, 2 USB front and rear connection and six speakers
- MZD Connect with 8" screen, Bluetooth® and multimedia commander
- Rear privacy glass
- Parking sensor Fr & Rr

OPTIONAL LEATHER PACK AVAILABLE FOR 2.0 PETROL AND 2.2 DIESEL SALOONS WITH MANUAL TRANSMISSION:

- Black leather seats
- Power driver and passenger front seats
- Steering wheel heater
- Rear view camera
- Front seat heater driver and passenger

HUMAN-CENTRIC COCKPIT

Crafted to the tiniest detail and built around the driver with premium quality materials, the cockpit is designed for the ultimate driving experience. Features like the dual zone air conditioning, 8” MZD connect screen, integrated satellite navigation or Mazda radar cruise control are all there to enhance driver comfort to the fullest.

MRCC CONTROL

The Mazda Radar Cruise Control Uses a millimetre wave radar to judge the relative speed and distance to the car ahead. Helps the driver to maintain a safe distance to the car ahead, thus making long and motorway drives less tiring and more enjoyable.

WINDOW PROJECTED ACTIVE DRIVING DISPLAY

Displays important driving information like vehicle speed, cruise control or lane guidance without shifting the driver’s attention away from the road. Now displaying in full-colour the ADD achieves higher resolution and definition, which improves readability in all environments.

P L A T I N U M   G R A D E

IN ADDITION TO EXECUTIVE SE GRADE,  
PLATINUM ADDS:

- 19" alloy wheels
- LED signature daytime running lights
- LED rear signature lights
- Black leather seats
- Power driver and passenger seat with driver memory function
- Flocking glove box
- Rear view camera
- Adaptive front lighting system (AFLS)
- Smart keyless entry
- Paddle shift (auto models only)
- Front seat heater - driver & passenger
- Steering wheel heater
- Wiper deicer
- Bose® surround sound system with 11 speakers

OPTIONAL:

- Stone leather seats

HUMAN-CENTRIC COCKPIT

Crafted to the tiniest detail and built around the driver with premium quality materials, the cockpit is designed for the ultimate driving experience. Features like the leather seats, heated front seats, rear view camera or the adaptive front lighting system are all there to enhance driver comfort to the fullest.

BOSE® SOUND SYSTEM

STEERING WHEEL HEATER

PLATINUM+ GRADE

IN ADDITION TO PLATINUM GRADE,  
PLATINUM+ GRADE ADDS:

- Adaptive LED headlights
- 360° view monitor
- Smart city brake support reverse (SCBS-R)
- Driver attention alert (DAA)
- Sunroof
- Gunmetal front grill
- Brown nappa leather
- LED interior lights
- Frameless auto dimming inner mirror
- 7" Digital meter set
- Rear seat heaters
- Real wood decoration
- Black ceiling

OPTIONAL:

- Stone nappa leather

HUMAN-CENTRIC COCKPIT

Crafted to the tiniest detail and built around the driver with premium quality materials, the cockpit is designed for the ultimate driving experience. Features like the Digital Meter Set, Rear View Camera, 360° Camera or the Brown Nappa Leather Seats are all there to enhance driver comfort to the fullest.

360° VIEW MONITOR

Using four cameras on the front, sides and rear of the vehicle, this system shows the area around the car on a central display.

POWER SEAT

Adjust seat position to the most comfortable position possible. A certain position can be saved so you can directly access it every time you want to.

MY MAZDA APP

Download the My Mazda app. Designed exclusively for Mazda owners, it lets you access important vehicle information, as well as being able to locate your nearest Mazda dealer and track your vehicle service history.

SERVICE AND WARRANTIES

Just like the cars themselves, the services we offer are designed to provide you with a first-class ownership experience. Every new vehicle is covered by a **3-year warranty** for up to 100,000 km. Other available warranties for new vehicles include the Mazda **3-year paintwork warranty** and a **12-year warranty** against corrosion. Mazda Europe Service offers cover in the event you require breakdown assistance, or if your vehicle is stolen or involved in an accident. And as part of our **Mazda Service Promise**, we train all technicians in the fitting of high-quality parts, all of which come with a full Mazda warranty.

FINANCE

Mazda Finance offers a variety of finance packages to suit the needs of both private and business customers. With our wide choice of plans, nobody is more committed to delivering complete motoring confidence than Mazda and Mazda Finance.

WHAT YOU CAN EXPECT FROM MAZDA FINANCIAL SERVICES:

- Face-to-face service from trained, plain-talking people at your local Mazda Dealer
- Assistance in renewing your car. We'll help you choose the right finance package to enable you to renew your Mazda car as often as you would ideally like
- Fixed Interest Rates. The interest rate on your loan is fixed for the duration of your agreement
- Flexible terms tailored to your motoring needs. As specialists in Mazda vehicles we aim to tailor a finance package to both your budget and to your motoring / ownership needs
- A Personal Contract Plan (PCP) which is individually tailored to give you flexible finance options

Please ask your sales executive for a tailor-made finance quote for your new car.

Finance is provided by BMW Financial Services (Ireland) Ltd trading as Alphera Financial Services, Swift Square, Santry, Demesne, Dublin 9. BMW Financial Services (Ireland) Ltd trading as Alphera Financial Services is regulated by the Central Bank of Ireland.

CUSTOMER EXPERIENCE

Start your journey with Mazda using the **Configurator** on the Mazda website. It lets you customise a digital vehicle, letting you choose from a selection of body colours, seat trims and engine designs. Discover the benefits of becoming part of the community that defies convention with **My Mazda** - the online home for all Mazda owners. The service lets you view and update your personal information using the **Mazda Digital Service Record (DSR)**, which provides security against counterfeit service documents and guarantees a secure, accurate and permanent service history for the life of the vehicle. You can also explore Facebook, Twitter and YouTube for even more Mazda related material. Whatever journey you take with Mazda, we'll make sure it's a unique and gratifying experience.

SKYACTIV TECHNOLOGY - HELPING YOU STAY EFFICIENT

Although we develop exciting cars that are fun to drive, we are equally committed to the environment and to the creation of a sustainable future for all. Our ongoing sustainability programmes are dedicated to the development of clean technologies. Our **SKYACTIV-Technology** range includes engines, transmissions, chassis and body designs, which deliver fuel-efficient and economical driving. Our engines deliver the perfect combination of performance and improved driving economy by being lighter and more fuel-efficient than many of our competitors.
